the twitter posts of the activists who brought heady days of revolution to egypt in early 2011 paint a picture of an uprising in real time this book brings together a selection of key tweets in a compelling fastpaced narrative allowing the story to be told directly by the people who made the revolution

twitter has become a household name discussed both for its role in prominent national elections natural disasters and political movements as well as for what some malign as narcissistic chatter this book takes a critical step back from popular discourse and media coverage of twitter to present the first balanced scholarly engagement of this popular medium in this timely and comprehensive introduction murthy not only discusses twitter s role in our political economic and social lives but also draws a historical line between the telegraph and twitter to reflect on changes in social communication over time the book thoughtfully examines twitter as an emergent global communications medium and provides a theoretical framework for students scholars and tweeters to reflect critically on the impact of twitter and the contemporary media environment the book uses case studies including citizen journalism health and national disasters to provide empirically rich insights and to help decipher some of the ways in which twitter and social media more broadly may be shaping contemporary life

this volume examines the role of arab women in arab spring and their contribution to the ongoing process of change sweeping the region the book begins with an examination of the process of democratization and its impediments in the arab world since the second world war it then looks at the conditions that led to the upsurge of the so called arab spring finally it underscores women s role as participants organizers leaders but also as victims the main thesis of the book is that while arab women were an integral part of the revolutionary efforts within the arab spring paradigm they did not benefit from their sacrifices although they continue to be part of the process of change their gains rights and scope for participation are still limited if the expansion of women s participation and the scope of their rights do not seem to be a priority for revolutionary forces women have made remarkable achievements especially in some arab spring countries such as yemen and libya the book includes case studies of some arab spring countries and other countries influenced by developments egypt bahrain kuwait libya yemen algeria jordan morocco and saudi arabia it calls on revolutionary and reformist forces to give special attention to issues related to arab women as they are an indispensable pillar in the process of reform development peace and stability in the middle east

days of tahrir utilizes a tweet a day to recall the events of the 2011 egyptian revolution

this book constitutes the refereed proceedings of the third international conference on electronic participation epart 2011 held in delft the netherlands in august september 2011 the 26 revised full papers were carefully reviewed and selected from numerous submissions the papers are organized in topical sections on appreciation of social media visualizing arguments understanding eparticipation eparticipation initiatives and country studies participation and eservices and innovative technologies

this book constitutes the refereed proceedings of the 9th international conference on social cultural and behavioral modeling prediction and behavior representation in modeling and simulation sbp brims 2016 held in washington dc usa in june july 2016 the 38 full papers presented were carefully reviewed and selected from 78 submissions the goal of this conference was to build a new community of social cyber scholars by bringing together and fostering interaction between members of the scientific corporate government and military communities interested in understanding forecasting and impacting human socio cultural behavior for this three challenges have to be met deep understanding socio cognitive reasoning and re usable computational technology thus papers come from a wide number of disciplines computer science psychology sociology communication science public health bioinformatics political science and organizational science

narratives are the wealth of nations they animate life sustain culture and cultivate humanity they regulate and empower us bringing both joy and discontent and they are always embedded in ubiquitous power stories shape power and power shapes story in this

provocative and original study ken plummer takes us on a journey to explore some of the key dimensions of this narrative power his main focus is on what he calls narratives of suffering and how these change through transformative narrative actions across an array of media forms the modern world is in crisis and long standing narratives are being challenged in five major directions through deep inequalities global state complexities digital risks the perpetual puzzle of truth and the ever emerging contingencies of time asking how we can build sustainable stories for a better future the book advocates the cultivation of a narrative hope a narrative wisdom and a politics of narrative humanity narrative power suggests novel directions for enquiry discusses a raft of innovative ideas and concepts and sets a striking new agenda for research and action

there is growing recognition and understanding of music s fundamentally spatial natures with significances of space found both in the immediacy of musical practices and in connection to broader identities and ideas around music whereas previous publications have looked at connections between music and space through singular lenses such as how they are linked to ethnic identities or how musical images of a city are constructed this book sets out to explore intersections between multiple scales and kinds of musical spaces it complements the investigation of broader power structures and place based identities by a detailed focus on the moments of music making and musical environments revealing the mutual shaping of these levels the book overcomes a eurocentric focus on a typically narrow range of musics especially european and north american classical and popular forms with case studies on a diverse set of genres and global contexts inspiring a range of ethnographic text based historical and practice based approaches

Étude des slogans révolutionnaires à la frontière de la littérature et de la politique menaces revendications jeux de mots calembours rêveries créations polyphoniques ou trouvailles scripturaires leur caractère mouvant en fait un objet difficile à saisir l auteure analyse leur caractère poétique singulier inscrit dans un cadre discursif collectif electre 2019

this book is a collection of articles that reflect on various connectivities between art and social justice and media which are pertinent to studying contemporary societies how different forms of media and art in the broadest possible meaning of these terms reflect on relate to

and campaign for social justice is an important topic to consider as artists academics and activists the subject matter of the book is also contextualized with attention being paid to historical cultural and communication factors and with chapters referencing situations and collaborations in brazil cyprus greece and south africa this is the first time that such a broad range of contexts are being considered together within the pursuit of studies on art and social justice furthermore this book concentrates on how different art forms are manifest in relation to social justice issues in an ever changing world mediated by the internet how much mobilization happens online through art and media and how much happens in a reality that offline are issues explored at length with regard to youth and participation in social change

the purpose of this study is to analyze the events that occurred throughout the egyptian revolution from january 2010 to february 2010 through pragmatic humanism tweets will be looked at from the book tweets from tahrir to show how the process unfolded building on the previous research the tweets will be looked at through the lens of pragmatic humanism the study will show how individuals can better the world they live in by experimenting with different methods and adapting to any failures they may encounter the study will also show how the reach of the individual has become faster and further than previously possible the elements of pragmatic humanism will be broken down into five main tenets the study will take a thematic approach in analyzing the tweets through the perspective of the particular tenet the study will also show the power of individual desires when they are able to combine with the social context of the time the advent of twitter has allowed individuals to test and experiment with hypotheses much quicker than before and allows them to make monumental changes to their reality in a much shorter period of time

what should we make of the culture of the protest movements of the 21st century from the arab spring to the indignados protests in spain and the occupy movement paolo gerbaudo examines the relationship between the rise of social media and the emergence of new forms of protest gerbaudo argues that activists use of twitter and facebook does not fit with the image of a cyberspace detached from physical reality instead social media is used as part of a project of re appropriation of public space which involves the assembling of different groups around occupied places such as cairo s tahrir square or new york s zuccotti park an exciting and invigorating journey through the new politics of dissent tweets and the streets points both to the creative possibilities and to the risks of political evanescence which new media brings to the contemporary protest experience
