advances in genetic programming reports significant results in improving the power of genetic programming presenting techniques that can be employed immediately in the solution of complex problems in many areas including machine learning and the simulation of autonomous behavior popular languages such as c and c are used in manu of the applications and experiments illustrating how genetic programming is not restricted to symbolic computing languages such as lisp researchers interested in getting started in genetic programming will find information on how to begin on what public domain code is available and on how to become part of the active genetic programming community via electronic mail

201 secrets to healthy living features advice tips activities and healthy recipes from 20 top selling authors gleaned from their most popular siloam titles

the authors use an extended metaphor to serve up a little book with a big message about two essentials of the christian life what do bookends have to do with the christian life they are a metaphor that jerry bridges has developed over the years and which he and coauthor bob bevington flesh out in this small volume the two bookends

explain not only how we as sinners can be made acceptable to a holy god but also we can find the power to change they are thus essential for the christian life in a unique book that should garner the attention of a wide range of readers the authors use their extended metaphor to help readers answer questions like how can i overcome persistent guilt how can i deal with the pressure to measure up where can i find the motivation it takes to grow how can i live the christian life with both my head and my heart how can i be sure god loves me how can i change in an authentic and lasting way so what are the bookends of the christian life christ s righteousness as it is transferred to dependent believers and the holy spirit s power as it enables their transformation in continuing their goal to re center the church at large onto the historic gospel of jesus christ bridges and bevington have served up this little book with a big message so that believers and seekers alike can understand these two keys to a genuine christian life

a few clear factors are associated with living longer and healthier such as higher levels of physical activity good sleep patterns and proper nutrition however despite all the advances that have been made to increase the general population s physical activity improve their sleep patterns and boost their nutritional habits there is still a lot to be done this research topic aims to address the topic of healthy ageing and will consider manuscripts focused on the effects of improving these factors in all ages from childhood to old age we are mainly interested in questions of broader interventions at the individual home settings group school work and gerontology settings and societal level community based settings we also welcome papers investigating the short and long term effects of environmental factors on physical changes in children working and old age populations and their development correlational and survey studies examining the issues mentioned above are welcome
